NOTE—Contn sheet

I may mention that all the Municipalities except Arsikere and Tiptur are not well off finacially and cannot undertake any work without state grant Particularly in the Holenarsipur Municipality there are a good many important and urgent works to be executed as per Engineer's Tour Notes and the suggestions of the Executive Engineer, Sanitary and Town Planning Division

3 Besides the further grants required for Municipalities, a sum of about Rs 1000/- has to be adjusted towards the cost of the Government share of contribution due for certain improvement works already executed or under progress through the Public Works Department agency which the Executive Engineer, Hassan Division is pressing for For want of funds, this could not be adjusted till now

4 In these circumstances, I request that the Government may be pleased to accord sanction to a further allotment of 6000/- for improvement works for the current year, for meeting the immediate requirements as shown in the enclosed statement C as it is just the season to start works, I request the favour of early sanction of additional allotment required
